

Welcome to the Italian language programme for prep to grade two for term one. Students learnt simple greetings like “*buongiorno! ciao!*” to introduce themselves, and “*come ti chiami?*” as they learnt to ask and answer some simple questions.

From a cultural perspective we looked at one of the most iconic cities in Italy- Venice. The children were fascinated in seeing a city surrounded by water and people catching boats as a means of transport. This was followed by the students making a gondola. We also celebrated the carnival of Venice by making masks and indulging in a biscuit called “*crostoli*” which is eaten in Italy during this period.

Carnevale!
