There was even more excitement when Miss Killeen announced the 2 winners from each grade of the Positive School Wide poster competition. Since the beginning of term the staff and their classes have been focussing in a positive way on the values of kindness, respect and responsibility. The staff, visitors to our school and potential parents are all commenting on the positive tone and feeling both in the classrooms and in the playground. Miss Killeen has made a display of the winning posters in the BER and if you are ever in the school please feel free to go and have a look about what as a school community we are working towards.</p>  <p><b>Premiers Reading Challenge</b> At next week's assembly Premiers Reading Challenge badges will be awarded to students in grades 6 and 5 who have shown an ongoing commitment to the Premiers Reading Challenge. Certificates will be given to class representatives to be handed out in class. Thank you to Mrs McIntyre for all the extra effort she puts in with the challenge and in the library to instil in all students a love of reading for both enjoyment and learning. We are delighted to that the following students have been chosen for their efforts in the 2017 Premier's Reading Challenge and will be presented with their pin at our School Assembly on Monday 30 October 2017 at 2.30pm. We hope to see as many families as possible attend to congratulate these students.</p> <p><b>Grade 6</b> - Mauola, Madina, Katie, Aljon, Arnav, Zaelan, Odin <b>Grade 5</b> - Aidan T, Evan, Brayden, Jemma, Declan, Jaiden</p>

## **State Schools Relief Topsy Turvy Day**

Families with children in government schools in any year level can receive assistance through state schools relief (SSR) if they are facing substantial financial difficulties.

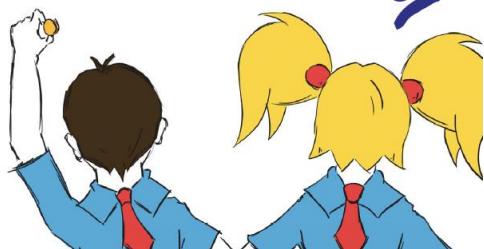

At our school this year State Schools Relief has helped to provide many students with part or whole payment for uniform and shoes. There is also a commitment to providing prep students and year 7 students with uniform as particularly in these transition years the costs associated with schooling can be challenging for many families. If you feel you need to access SSR please don't hesitate to make contact with Damian O'Keefe Monday –Thursday.

Some of our staff believe so strongly in the work of SSR that they salary sacrifice from their fortnightly wages. Please support our out of uniform day for SSR it does valuable work and many of our families have benefited.

## **Half a Sandwich Please**

Thank you to all the parents who supported Mrs Marks maths program by cutting their child's sandwich into different fractions during the week. That is first rate home work / learning and really helps the students connect maths with real life situations.

## **On Demand Testing**

Our school currently uses On Demand testing to provide our teachers with insights into your child's literacy and numeracy development. Following a request from the Victorian Curriculum and Assessment Authority (VCAA), which is responsible for the development of On Demand, I am informing you of our school's participation in a project to review the On Demand tests. This review will involve the equating of students' On Demand test outcomes with the school's NAPLAN data. Towards this end, the school will grant the VCAA permission to collect our On Demand data.

The data collected will contain test results and associated student details from On Demand assessments at our school for 2017. Our data, along with data from other schools will be used in a one-time linking process between On Demand and NAPLAN results held by the VCAA to form a single dataset. This dataset will then be anonymised and used to review the performance of the On Demand Tests. All identified data collected will be destroyed at the completion of the process and there will be no release of any school or individual results or personal details as part of this work.

This work will benefit our school by further enhancing the reliability and accuracy of the On Demand tests.

For more information about the On Demand Testing Calibration Project, please request a copy of the FAQ from the office.

## Egg-citing times in 3D

Over the last week 3D collected 46 eggs from our busy chickens!!!!

It was only fair they got to enjoy them by having eggs on toast for morning tea. Yum!

## G6 'Ian Potter Gallery' Excursion

The grade 6's had a great day at the Ian Potter Gallery. They made mythical creatures, looked at and learnt about artwork, and extended their understanding of what artwork is and what it is used for.

### DONATIONS

Some families will have received notification of the activity / stall their child's grade will be carrying out on the day and kindly requesting donations of particular items. If you would like to donate items for the day and not sure what, you can donate items such as:

- Used items for the trash and treasure stall
- Plants
- Raffle Items – a great chance to clear out those new/unopened/unwanted gifts that you have stashed in the cupboard!

Would also love families who would be willing to donate their time. A fete is a very time consuming event to organise and run so the more volunteers we can get to help on the day would be much appreciated.
